INFORMATION SHEET ON 3- FARM AND STAFF

We board horses here for our students to take lessons on their horse. (However if you want to take lessons you must take them from 3-C or have no other persons come here to teach you paid or unpaid.)

- We are top professional horsemen that have been in this business since 1966.
- We offer horse training and have trained world champion in both English and Western divisions.
- We offer riding lessons and have had students win world champion titles in all seats.
- We live here on the farm where we watch over all the horses more closely.
- We do not give shots like flu, east & west, rabies, or any other
- From April through October we feed Bug-Off Garlic to all our 3C Farm owned horses because it helps keep flies, ticks and bugs away and replace poisonous fly spray that's bad for humans and animals.
- Our box stalls are 12X12 spacious stalls with rubber mats on the floor to keep their joints in tip top shape. We clean the stalls once a week, strip them, and put in fresh shavings. Each horse has a fun window to look out and see what's going on for good weather months.
- Each horse has an automatic waterer so they never run out of water. In the winter it is heated so they do not get cold when they drink water. This is a safety factor so they do not colic on not drinking enough water in the winter. Each stall has a salt block holder with only white salt for the horse to lick. Other colors of salt are for cows, not horses.
- Each horse needs a cross tie in their stalls to groom your horse. If 3-C Farm has a horseshow you'll use the stall for crossties and ride in the outdoor arena.
- Each stall is built for the safety of the horse, with a skybelt around the barn for extra natural light, wire for air flow through the barn. Each horse is furnished with a corner feed tub.
- Each boarder has their own saddle rack, bridle hook, shelf for the brushes & ointment. On the door of the stall is kept your halter, lead strap, girth hook, hook for cooler. No trunk or tack room because you have it all in front of your stall handy to get to.
- If 3-C Farm is teaching lessons to other students you still can ride your horse in the 85' long by 60' wide indoor arena or you can work you horse in the outdoor arena, which is a 60' circle cantering ring.
- Trail riding – we have 45 acres of fenced in and bush hogged paths to trail ride on. Or you can ride on the edge of our hay fields.
- You have access to all of our professional services for hire! Lessons – Training – Boarding.
- There is a clean restroom to use that is just as good as your house.
- The aisle ways in front of your stalls are all concrete and clean.
- We worm every 2 month, then feed right after to prevent colic.
- We have the blacksmith every 6 weeks to trim or shoe your horse.
- We have the horse dentist every 6 months to float the teeth.
- The vet comes every spring for new coggin test.
- The chiropractor comes as needed.
- WE WORK FOR THE MOST HIGH GOD JESUS CHRIST AND WE ARE PROUD OF IT!

Bring to Stable with your horse only:

1. Up to date within one year Coggin test.
